

IEF2-X-700

ELECTRIC DOUBLE FRYER

The INDUC IEF2-X-700 electric double fryer is a premium solution for professional kitchens, designed for efficiency, safety and durability. Its two independently controlled 16-litre oil tanks allow simultaneous frying of different foods, while the extra-wide stainless steel baskets increase productivity. A clear temperature indicator keeps operation visible and easy to monitor, while thermal protection ensures safe use. The fryer features a cold oil compartment and a rotatable heating tube for effortless cleaning. Adjustable thermostats allow precise temperature control from 60°C to 190°C, accommodating various frying needs. Durable stainless steel construction and a closed cupboard stand with adjustable non-slip feet ensure stability, long-lasting performance and generous storage space. Ideal for high-volume kitchens, the IEF2-X-700 combines flexibility, safety and reliability for professional frying.
