

# IEG2-X-700 ELECTRIC GRIDDLE

The INDUC IEG2-X-700 electric griddle delivers precision, efficiency and safety for professional kitchens. Its 19mm thick chrome plate with a built-in groove ensures consistent, even heat for perfectly cooked food every time. Individual temperature controls for each cooking area allow precise adjustments to meet a wide range of culinary needs.

Designed with hygiene and convenience in mind, the griddle features a large movable chute and catcher for easy cleaning, as well as a removable splashback for maintenance efficiency. Clear operational indicators and an integrated circuit breaker provide safety and peace of mind. With a temperature range of 100–300°C, the IEG2-X-700 is flexible enough for grilling and searing. Built from durable stainless steel and supplied on a closed cupboard stand with adjustable non-slip feet, it offers stability, reliability and long-term performance in busy commercial kitchens.
