

# IPC1-6-700

## ELECTRIC PASTA COOKER

The INDUC IPC1-6-700 electric pasta cooker is designed for busy commercial kitchens, combining efficiency, flexibility and durability. Its 27-litre stainless steel tank accommodates four removable baskets allowing simultaneous cooking of different pasta types. A clear operational indicator ensures convenient monitoring and a water level control system prevents dry burning for safe operation. Users can choose between manual water adding or the automatic refill function. The wide slag discharge pipe and rotating heating tube make cleaning simple and fast. Quickly selectable heating modes provide rapid temperature adjustment and the durable stainless steel construction, mounted on a closed cupboard stand with adjustable non-slip feet, guarantees stability and reliability. Perfect for restaurants, catering and high-volume kitchens, the IPC1-6-700 delivers consistent, professional results.

### STANDARD FRYER FEATURES & ACCESSORIES
