

ER7-8P

800mm Induction Griddle with Electric Oven

INDUCTION

Specifications

- Power Ratings: 13kW, 21.5A, 50Hz
- 3 Phase Electrical Connection
- Hard wired or fit cable and plug (not supplied)
- 400mm from Left, 68mm from Rear, 715mm from Floor
- Protection Ratings: IPX4
- Working height: 850mm
- Dimensions: 800 x 750 x 1000H @ 115kg
- Packed Dimensions: 940 x 860 x 1260H @128kg

Features

- Griddle suitable for all types of grilling
- Instant energy transfer to the griddle plate
- User friendly with visual heat setting display and timer
- Lower ambient heat for a more comfortable kitchen
- 90%+ thermal efficiency results in lower energy costs
- Safer than gas with zero carbon emissions or combustion
- Durable, versatile, and easy to clean
- AISI grade stainless used in all external panels
- High quality engineering and craftsmanship throughout

Griddle

- High quality 21mm thick mild steel plate
- Rapid induction high-frequency coil technology
- Plate heats up from ambient to 200 °C in 5 minutes
- Variable heat settings with LED power display
- 6 programmable temperature/timer settings
- Thermostatic temp control regulates heat for consistency
- Evenly dispersed heating across entire cooking surface
- Integrated closed base with grease/waste sliding tray

Electric Oven

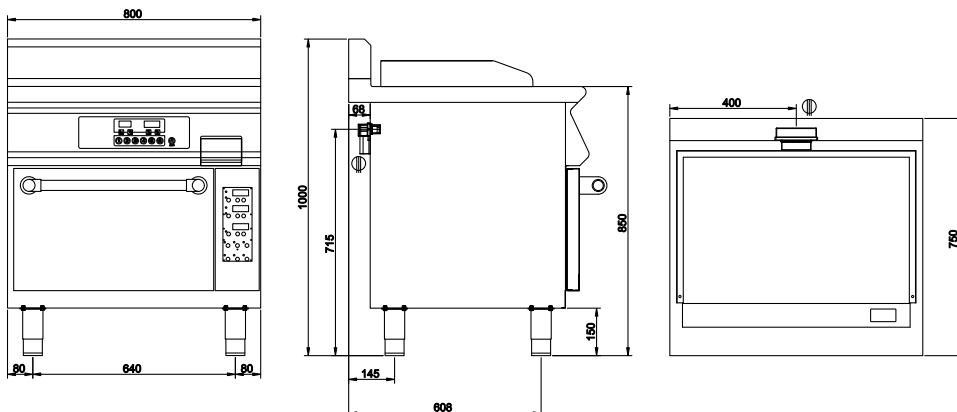

- 5kW Static Oven with top and bottom electric elements
- Internal oven cooking space: 530mm x 540mm x 280mm H
- Heavy-duty drop-down oven door
- Oven suits GN 1/1 sized pans with multiple rack positions

Cleaning/Serviceing

- Parts & components easily accessible for servicing

Warranty

- 1 Year Included + 1 Year Extendable upon registration

Must be installed by an authorised person in accordance with AS/NZS 3000.

Please note that specifications or design may be altered at any time without notice.
